

Office Hours – Single Cell Biology

Protein and Nucleic Acid (PAN) Facility Staff
Stanford University

Robert Durruthy-Durruthy, Ph.D.
Fluidigm, Field Applications Scientist

Every third Thursday of the month starting 2/16/17
11:00am – 1:00pm drop in anytime
Beckman Center, Room B062

Discuss your current and/or future single cell biology projects over lunch or while enjoying a cup of coffee

Learn more about the most recent single-cell applications and how they can advance your own research

Single-cell atlasing versus single-cell characterization – Understand the differences and what it means for your own scientific discovery process
